GENERAL ASSIGNMENT AND CONVEYANCE

This General Assignment and Conveyance (the "Agreement"), entered into as of October 3, 2001 (the "Effective Date"), is between the following parties:

Delsys Pharmaceutical LLC ("Delsys"), a Delaware limited liability company having its principle place of business at 102 St. James Court, Flatts, Smiths FL 04 Bermuda (the "Assignor"), on its own behalf; and

Elan Pharma International Limited, a limited company incorporated under the laws of Ireland, and having its registered office at WIL House, Shannon Business Park, County Clare, Ireland (the "Assignee").

WHEREAS, Assignor has the sole and exclusive rights to the Intellectual Property and Proprietary Information appurtenant to certain processes, compounds, reagents, devices and assays developed by Assignor in or relating to the electrostatic deposition of dry powders for the formulation of pharmaceutical and diagnostic products (the "Proprietary Products") and wishes to transfer the Intellectual Property, Proprietary Information, and the Proprietary Products to Assignee; and

WHEREAS, the Assignee wishes to acquire all right, title and interest in the Intellectual Property, the Proprietary Products and the Proprietary Information.

NOW THEREFORE, for good and valuable consideration, the receipt of which to hereby acknowledged, Assignor agrees as follows:

1. Definitions

For the purposes of this Agreement, the following terms will have the meanings ascribed to them as follows:

- 1.1 "Assigned Property" means the Proprietary Products and the Intellectual Property.
- 1.2 "Intellectual Property" means any and all rights to any intellectual property owned or licensed by or to be owned or licensed by Assignor and which relates to the subject matter set forth in Exhibit A, including, without limitation, each and every (a) Patent or Patent Right; (b) trademark, service mark, trade dress, logo, trade name and corporate name and registration and application for registration thereof including, without limitation, those specified in Exhibit B hereto; (c) copyright or item of computer software, data and documentation; and (d) other form or nature of proprietary or exclusionary right.

claims are directed to subject matter specifically described therein), as well as any patent issued thereon, any reissue or reexamination of such patent, and any foreign counterparts to such patents and patent applications relating to the subject matter set forth in Exhibit A or the Proprietary Products, and any patent disclosures, inchoate patent rights and/or any improvements thereof.

- 1.4 "Proprietary Information" means any trade secrets or confidential business information (including ideas, formulas, compositions, inventions (whether patentable or unpatentable and whether or not reduced to practice), know-how, production processes and techniques, research and development information, drawings, specifications, designs, plans, proposals, technical data, copyrightable works, financial, marketing and business data, pricing and cost information, business and marketing plans and customer and supplier lists and information) described, comprised in or relating to the Assigned Property and that is not in the public domain or regularly disclosed by Assignor to third parties without confidentiality restrictions.
- 1.4 "Proprietary Products" means all the processes, compounds, reagents, assays, devices and other materials arising out of or relating to the Proprietary Information, the Intellectual Property or the subject matter of Exhibit A, including any improvements, analogues, derivatives, precursors, formulations, congeners, isomers thereof, or any other compound, reagent, assay or other material which performs the same function in substantially the same manner or which would directly or under the doctrine of equivalents infringe any Patent or Patent Right.

2. Assignment

Subject to the terms and conditions specified herein, Assignor hereby:

- 2.1 Irrevocably assigns, conveys, grants and transfers and agrees to assign, convey, sell, grant and transfer to Assignee, its successors and assigns, all right, title and interest of every kind and character, whether equitable or legal, throughout the world in and to the Proprietary Products to the full extent of its ownership or interest therein, including, without limitation, all right to use, manufacture, develop, or obtain any other benefit from or relating to the Proprietary Products.
- 2.2 Irrevocably assigns, conveys, grants and transfers and agrees to assign, convey, sell, grant and transfer to Assignee, its successors and assigns, all right, title and interest of every kind and character, whether equitable or legal, throughout the world in and to the Intellectual Property and the Proprietary Information, including income, royalties, damages and payments now and hereinafter due or payable with respect thereto and to all causes of action (either in law or in equity), the right to sue, counterclaim and recover for past, present and future infringement of the rights assigned or to be assigned under this Agreement and all future rights to any Intellectual Property or Proprietary Information which is derived from or are based upon the Assigned Property and/or the Proprietary Information.

3. Assignor shall assign and transfer to Assignee: (i) any and all license agreements, oral or written, pursuant to which Assignee has any rights to the Assigned Property or the Proprietary Information; (ii) any and all license agreements, oral or written, pursuant to which Assignor has granted to any person any rights to the Assigned Property or the Proprietary Information; and (iii) all agreements, oral or written, pursuant to which Assignor is entitled to receive royalties from third parties with respect to the Assigned Property or the Proprietary Information. To the extent any such license, agreement or arrangement covered by this Section 3 cannot be transferred, Assignor agrees to make such other arrangements as may effectuate the general assignment and conveyance contemplated by this Agreement.

4. The Assignor shall file such notices or registrations with the appropriate authorities, including the United States Patent and Trademark Office and the equivalent authorities of other countries, as are necessary to perfect Assignee's rights under this Agreement. The Assignor agrees to sign or otherwise execute all such documents and undertake all such actions as are necessary and appropriate to perfect Assignee's interest in the Assigned Property and the Proprietary Information.

5. With respect to any Intellectual Property, or Proprietary Products or Proprietary Information, created, arising, attaching, or developed after the Effective Date, Assignor agrees to assign to Assignee, and hereby does so assign without any additional consideration, under the terms of this Agreement, all such Intellectual Property, Proprietary Information or Proprietary Products.

6. This Agreement will be governed by and construed in accordance with the domestic laws of the state of New York, without giving effect to any choice of law or conflicting provision or rule that would cause the laws of any jurisdiction other than the state of New York to be applied.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the date first set forth above.

[LIST OF DELSYS PATENTS]

PATENT ASSIGNMENT

This PATENT ASSIGNMENT (this "Assignment") dated as of December 19, 2003, is made by and between Elan Pharma International Limited, a private limited company organized under the laws of the Republic of Ireland ("Assignor") and Sarnoff Corporation, a New Jersey corporation ("Assignee"). Capitalized terms used herein but not otherwise defined herein shall have the meanings set forth in the Asset Purchase Agreement (the "Asset Purchase Agreement") dated as of December 19, 2003 by and among Assignor, Elan Operations, Inc., a Delaware corporation, and Assignee.

1. Assignor is the owner of the patents and patent applications listed on Exhibit A hereto (the "Patent Rights") and, in partial consideration for the purchase price set forth in the Asset Purchase Agreement, and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, Assignor assigns and transfer to the Assignee, and the Assignee's successors and assigns, and the Assignee accepts, subject to the conditions of the Asset Purchase Agreement and the Related Agreements, such assignment and transfer, all of Assignor's worldwide rights, title and interest in and to the Patent Rights and any patents and patent rights resulting from, based on or claiming priority from the Patent Rights, in all countries including, without limitation, any reissue, extension, division or continuation applications, excluding any inchoate inventions not yet reduced to practice.

2. Interested parties who acquire title, rights or grants to the Patent Rights are hereby notified that certain restrictions and obligations set forth in the Asset Purchase Agreement and Related Agreements have been made appurtenant to and run with the Patent Rights and such interested parties are on notice of such restrictions and obligations.

3. Notwithstanding any other provisions of this Assignment to the contrary, nothing contained in this Assignment shall in any way supersede, modify, replace, amend, change, rescind, waive, exceed, expand, enlarge or in any way affect the provisions, including warranties, covenants, agreements, representations, or in general any of the rights and remedies, and any of the obligations and indemnifications of Assignor or Assignee set forth in the Asset Purchase Agreement nor shall this Assignment expand or enlarge any remedies under the Asset Purchase Agreement including without limitation any limits on indemnification specified therein. This Assignment is intended only to effect the transfer of certain property transferred pursuant to the Asset Purchase Agreement and shall be governed entirely in accordance with the terms and conditions of the Asset Purchase Agreement and this Assignment (to the extent consistent with the Asset Purchase Agreement).

4. This Assignment shall be governed by and enforced in accordance with the laws of the State of New York, without giving effect to any conflicts of law principles.

5. This Assignment may be executed by the parties herein in separate counterparts and by facsimile, each of which when so executed and delivered shall be an original, but all such counterparts and facsimile shall together constitute one and the same instrument.
